Southeastern Louisiana University Transfer Analysis 2012 Cohort

Graduation rates are one of higher education's metrics for measuring success. It is highly defined and standardized so that comparisons can be made across institutions. The basic definition starts with the students who comprise the cohort which are students who are full-time, first-time, degree-seeking freshmen. These students are tracked to see how many graduate within a continuous six-year period. However, Southeastern g

II. Where Did Students Transfer?

There are nine students who are a part of the 2012 revised cohort who we have confirmed as transfers, but do not have record on what institutions they transferred into. They are not included in the data below.
