

Hiring Without Regard

Southeastern must consider applicants for employment without regard to their retirement status System (ULS) Board or any of its universities of unlawful discrimination.

Notwithstanding the foregoing, a University within the UL System or the UL System itself may consider retirement status in the hiring process, if, and only to the extent, it is required to do so by Federal or Louisiana state law.

If the hiring of any person on the basis, in whole or in part, of retirement status is refused or delayed based on compliance with Federal or Louisiana state law, the University shall notify the UL System President in writing via the University President of each such instance within 5 (five) days prior to such action for the purpose of allowing an opportunity for legal review by UL System of such action.

Southeastern shall prominently post this policy in all locations where policies are typically maintained on the University campus including but not limited to the Human Resources Department and the campus website.
